Purpose Of This Document

This document sets out the basis on which we will conduct business with you on your behalf. It is an important document and we would ask you to read it carefully and if you are unsure of any of its terms please ask. This document has been designed to be given to consumers considering buying certain financial products or seeking financial advice. It explains the service being offered and how you will pay for it.

The latest version of this document is available to download from our website or please ask us for a copy which we will be happy to supply.

Who We Are

Blakeway & Hunt Ltd is an appointed representative of 2plan wealth management Ltd.

2plan wealth management is a national advisory firm consisting of financial advisers and mortgage and protection specialists.

Launched in July 2007, we have grown to become one of the leading firms of financial advisers in the UK.

Our head office administration, technology and regulatory teams provide dedicated service and support to all our advisers across the UK.

The key foundation of our business model is providing professional financial advice.

We act solely in the best interests of our clients at all times. We do not act on behalf of any product provider, bank or insurance company.

Our Commitment To You

The "client experience" is paramount and all our advisers pride themselves in building lasting professional client relationships.

We aim to ensure that all our clients will always view 2plan wealth management as their trusted adviser.

We take the time to ensure that all our product recommendations and services that we provide deliver the best possible outcomes for all our clients.

Prior to providing you with any advice we will take time to understand your current needs, circumstances, attitude to risk and capacity for loss. Any advice provided will be confirmed to you in writing.

What We Do

Our primary focus is on the provision of professional advice for private individuals.

Our business model centres on highly structured technology-based processes. This enables us to deliver a highly streamlined cost-efficient service proposition for all our clients.

As a client you may be offered access to our Client Access Portal website. This provides a secure communication facility to allow you to receive documents and messages from your adviser, reply to any correspondence along with viewing valuations for certain policies.

We also publish newsletters and key documents to keep you informed.

What Can You Expect As A Client?

- Professional and personal advice from a qualified financial adviser
- Support from one of the UK's leading financial advisory firms, regulated by the Financial Conduct Authority (FCA)
- We will provide transparent costs and charges
- Security and safety with an embedded commitment to regulatory and professional standards throughout.

What We Stand For

Our approach is to build trusted, professional relationships with our clients. We aim to provide a truly personal service through an individually tailored client experience. This will be achieved with maximum efficiency, without sacrifice to the quality of service or advice.

We act solely on behalf of our clients and have their best interests at heart at all times.

Professional financial advice does however come at a cost in much the same way as obtaining professional legal or accountancy advice.

As Warren Buffett said "Price is what you pay - Value is what you get".

Vulnerable Clients

We understand that from time to time our clients may find themselves dealing with circumstances which could mean they are potentially vulnerable. For example, a change in health, caring for a family member or coping with the loss of a loved one. There are many different types of vulnerability, and what makes one person vulnerable might not affect someone else. When we are vulnerable, our need for financial advice may change. However, admitting vulnerability or seeking help can sometimes feel hard.

If this is something you would like to discuss with your adviser please ask for a copy of our Vulnerable Client Guide. This guide is designed to help explain vulnerability and the ways in which we might be able to support you. If you feel any of the circumstances in the brochure apply to you, please talk to us.

About My Services

Whose Products and Which Services Do I Offer?

Non-Investment Insurance

I am an insurance intermediary representing you, not an insurer. I offer products from a range of insurers on the basis of a fair and personal analysis of the market for life assurance, critical illness, income protection, private medical and household insurances. I will advise and provide you with a personal recommendation after I have assessed your insurance needs and arrange the recommended policy with the insurer on your behalf.

You have the option of paying for this service as a fee, or alternatively, we can be paid a commission from the recommended insurer which is a percentage of your total annual premium.

It is your duty to disclose any relevant and requested details regarding your personal circumstances to the recommended insurance provider, both before the insurance contract commences and throughout the duration of the contract. Failure to do so could mean that the insurance is invalidated or any claims will be refused.

Mortgages

I offer mortgages from the whole market for both first charge and second charge loans and am not limited in the range of mortgages I can consider for your needs and objectives.

A Buy to Let mortgage taken out for the purposes of business is not regulated by the Financial Conduct Authority (FCA).

We will advise and make a recommendation for you after we have assessed your needs. Our advice is based on your current recorded circumstances and also the current interest rates published by the mortgage lenders which can change.

Alternative Finance Options

Where you are looking to increase the borrowing secured on a property that is subject to an existing regulated mortgage, the following alternative finance options may be available and considered more appropriate than a new first charge mortgage:

- A further advance from the existing mortgage lender
- A second charge regulated mortgage contract
- Unsecured lending

Throughout this document where we refer to your mortgage, we also include these products and advice areas mentioned above.

Equity Release

Where you are eligible for equity release, we provide advice on a range of products. There are two main types of equity release product on the market; these are lifetime mortgages and home reversion plans. We only provide advice on lifetime mortgages and not on home reversion plans, and we will consider all lifetime mortgages available within the intermediary market. This advice can only be provided by a qualified expert and your adviser will be able to discuss this with you and refer you to a specialist adviser if necessary.

Mortgage and Protection Process

The following provides more information about each stage of the process:

Consultation

Your Blakeway & Hunt Ltd mortgage adviser will first introduce themselves and provide information about 2plan wealth management, how we would like to work with you, the services we can provide and the cost of these services. We will talk to you about your mortgage and protection needs and objectives. We will need to understand your mortgage and protection priorities and timelines for achieving them.

We cannot guarantee that we can meet all your objectives and goals but we can work with you to help you work towards them.

Throughout the fact-finding process we will gather personal and financial information from you so we can work out our recommendations and advice. A key part of the Mortgage and Protection Process is deciding on what services you would like and to agree how you would like to pay for them.

As part of this stage, we may produce a financial plan to establish your short term and long-term financial goals. This report will clarify the actions required to achieve your various goals and focus attention on important immediate steps, such as reducing debt, examining expenditure or ensuring liabilities can be met in the event of death or illness. Your adviser may charge a fee for this plan and will make this clear before commencing any work. You will receive a written copy of the plan for you to read and understand.

Advice

We will only provide advice on mortgages and protection policies to ensure that we can find the most appropriate solution for your needs at this time.

After working through the Consultation stage, we will then spend some time gathering further information about your current mortgage and protection plans, policies and any financial commitments. Taking all these into account and based on your objectives and priorities, we will then be able to provide you with tailored recommendations.

We will always provide advice and ensure that suitable recommendations are made for your specific needs. Some mortgage products are only available directly from the lender, we will not consider these direct products as part of our research process.

When we recommend a mortgage to you we will always provide you with a mortgage illustration prior to completing the lender's application form. This sets out the basis of the mortgage and any fees associated with it. You can also request from us at any time a mortgage illustration for any mortgage that we are able to offer.

Implementation

The Implementation stage will put in place the recommendations agreed with you on the tailored area or areas of advice identified to meet your mortgage and protection needs and objectives.

We will assist you in the completion of the relevant application(s) and any additional information required for submission to the product provider or lender. It is vitally important you check all the information you have provided is correct before you sign any documents. We will then monitor the processing of your application(s) through to policy issue and ensure you finally receive the related policy documentation.

We will also issue you with a suitability report that will confirm your objectives and our advice and recommendations to you in achieving these objectives.

Please ensure you are clear with us on the services you want and how you will pay for them before we proceed with any work that may incur a charge for you. You can agree with us that we should not exceed a specified budget limit without first consulting with you and receiving your written commitment to proceed further.

What Will You Have To Pay Us For Our Services?

For the provision of our professional mortgage and protection advice services, you can choose how you would prefer to pay for these services. You can choose to pay your adviser by a fee, by commission or a combination of fee and commission. No charges will be made until it has been agreed with you.

When a fee is payable we will agree the basis of the charge. This is typically a fixed fee.

We will also agree with you whether any commission we receive from the lender or insurer will be retained or refunded to you.

We may agree a fee is payable for researching the mortgage market and providing you with mortgage related advice and this could be payable at outset. Our fee for this service is up to £1250.

Should your advice needs involve advising on equity release or other lifetime mortgage plans, we will agree our fee with you and when this fee becomes payable. Our fee for this service is up to £1799.

If you buy a non-investment insurance product, we will normally receive commission from the product provider. Although you may pay nothing to us upfront, that does not mean our service is free. You still pay us indirectly through product charges. Product charges pay the product provider's own costs and any commission which is a percentage of your total annual premium.

We will tell you how much the actual amount of commission will be before you complete any application forms, but you may ask us for this information earlier. You will receive a quotation which will tell you about any other fees relating to any particular insurance policy.

All commissions will be appropriately disclosed in the Implementation stage of the Mortgage and Protection Process. Commissions will be shown in an appropriate illustration for protection products or a Key Facts Illustration for mortgages.

If we recommend a mortgage for you, the lender may also charge you a fee. Typically, a lender will charge a booking fee (to book the mortgage product) and an arrangement fee. Arrangement fees can be added to the loan but lenders cannot automatically add these fees without your consent. We will discuss this with you before you proceed and explain the options of paying for these fees. You will then need to inform us if you prefer to have these fees added to the loan or pay the lender directly.

Your Commitment

We will need you to ensure that we are notified of all relevant aspects of your personal and financial circumstances and are informed as soon as practicable of any changes to your financial prospects or circumstances. We need you to read any reports supplied. We need you to formally approve and sign the client consent form. We need you to send any requested information back as swiftly as possible to enable us to provide a superior service and produce reports or provide advice in an accurate and timely manner. We may also need your authority to speak with your other professional advisers such as your accountant or solicitor where required.

Policy Documents And Contract Notes

In most cases, your provider will issue all documents showing ownership of your plans/contracts to your home address. Should we receive these documents, we will forward all documents to you as soon as practically possible.
